

## Hedge Element: Tall

Designed by art aqua

The **Philodendron** hedge elements are all enclosed in a sound-insulating core.

The elements focus on a restorative effect and on increasing health and a sense of well-being. Moreover, they naturally constrain the climate and aid in privacy by adding structure to the room. As an additional benefit, we have integrated a sound-insulating core for acoustic comfort.

Dracena 160 cm high	
Base dimensions W x H x D	79 x 75 x 39 cm

Sanseveria 140 cm high	
Base dimensions W x H x D	79 x 75 x 39 cm

Philodendron 185 cm high	
Base dimensions W x H x D	79 x 75 x 39 cm
